Pedercini Team has started his new racing season in Qatar with his two young italians riders Vincenzo Iannuzzo e Ayrton badovini. Badovini has obtained his first Superpole participation in Losail while Iannuzzo has been very unlucky in Australia when he slammed into Michel Fabrizio at the start of race 1. In the impact Vincenzo suffered a fractured radius bone. He'll have to remain out of action between two to three months.

Anderw Pitt victory in Australia

Our Supersport riders championship was not begun very well in Qatar. In first Losail race laps Pitt crashed and Roccoli and Nannelli has had technical problems to their bikes. Only spanish Salom and italian Clementi arrived to the finish line (eighth and twelfth position)

In the second race of the Supersport season Andrew Pitt Andrew grabbed first place in a spectacular round of racing at his Phillip Island home circuit. Pitt has dominated practices and race : a fantastic performance Molto meglio è andata invece la gara di Phillip Island dove Andrew Pitt ha dominato sia le prove che la gara, salendo sul gradino più alto del podio. Good races also for Roccoli (ninth) Nannelli (tenth) and Clementi (eleventh). Salom was only eighteenth because of rear tyre problems.
